Bidding Terms and Conditions

Article 1

Terminology and Definitions

In these general auction terms and conditions of Katara International Arabian Horse Festival (the "General Auction Conditions") the capitalized words and terms have the meanings assigned to them below:

Organizing Committee: The organizers of the auction: Katara International Arabian Horse Festival and Qatar Racing and Equestrian Club.

KIAHF: Katara International Arabian Horse Festival

QREC: Qatar Racing and Equestrian Club

Auctioneer: A person who guides the auctions by accepting bids and declaring horses sold.

Bidder: A person who has registered with the Auction Site to bid on horses as a potential Buyer during the Auction.

Purchase price: The amount for which the horse has been Attributed to the Buyer by the Auctioneer during the Auction.

Purchasers: A person or more that acts as a Purchaser on a Purchase Agreement.

Sold Horse: The horse which has been sold in the auction.

Vendor: A person that acts as a seller in a Purchase Agreement.

Article 2

Release of Organizing committee from Responsibility for Sold horses

A bidder acknowledges that they have thoroughly inspected the horses, subject of the bid, in a way that leaves no room for ignorance and that the Organizing Committee does not give any guarantees for any purchase made. Purchaser should verify the condition and description of the horses without recourse to the Organizing Committee with any claims proving fraud in relation to the sold horses. The auctioneer/organizers will not be responsible for any consequence of the purchase process. Each sold lot becomes the property of the highest bidder at the fall of the auctioneer's hammer. Purchaser shall assume responsibility for all costs and expenses related to the care, maintenance, and control of a purchased lot with effect from the Sale day. In case of failure of any bidding and non-compliance with these conditions, the related deposit will be forfeited. Accordingly, the Sale Organizer will not have the least legal responsibility for any injuries, diseases of any type and particularly venereal diseases, pregnancy, etc., found in the sold horses. A bidder should verify such in advance without recourse to the Organizing Committee with any future responsibility once the selling is made.

Article 3

Deposit Amount

The sum of the deposit to be paid by a purchaser is considered temporary until the selling process is finalized. Accordingly, each purchaser shall pay a temporary deposit of QR 20,000.00 (Twenty Thousand Qatari Riyals only) in cash with the Festival Treasury. Formally, a bidding number will be assigned to each registered purchaser for personal use during the Sale. Such deposit shall be refunded in full, in the event no purchases are made, or no purchase is adjusted against any purchase price or incurred expenses. In the event a purchaser does not finalize the selling, their deposit shall be forfeited for breaching the conditions of the Sale and prejudicing the vendor who has missed the opportunity to sell their horses during the Sale.

Article 4

Selling Completion Form (Specimen 2)

A purchaser shall attend at the QREC Accounts Section in order to collect the Purchaser Identification Form (Specimen 2) and complete the same with required information contained therein, including the date of the sale, the full name of the purchaser, the postal address, the contact details, the bank account details and the name of the bank. Upon the completion of each selling transaction, a purchaser shall immediately complete and sign this form, confirming the purchase.

Article 5

Bid Acceptance

A bid will be accepted only from a registered bidder having a bid number. Each time a bidder raises their bid number, the bid value shall be increased by an amount declared by the auctioneer for each selling transaction.

Article 6

Non-eligibility of Owner to Cancel Selling Transaction

An owner may not cancel selling once a bidding for a lot has been completed for the highest price until such owner acquires the property of the lot exhibited in the respective bidding.

Article 7

Minimum selling price

The seller who wishes to set a price for a horse at the auction, must specify its price on the day of the horse's registration and fill out the Horse Price Determination Form at the Horse Registration Office. Qatar Racing and Equestrian Club will not accept any price determination after February 1 2022.

Article 8

Bid Withdrawal and Payment Refusal

Any successful bidder will not be allowed to withdraw their bid or refuse to pay; otherwise, they will not be allowed to participate in any sale held at KIAHF.

Article 9

Inspection of Lots

A purchaser will inspect lots prior to purchase and will be considered as being aware of the condition of the lot(s) in a way that leaves no room for ignorance. Selling shall be completed based on the condition of the sold lots and the place(s) where they are located.

Article 10

Sale Fees

A fee of 5% of the total amount of each lot sold shall be charged from the vendor in favour of the Organiser (KIAHF) even if the selling arrangements have not been completed.

Article 11

Purchase and Ownership Transfer

The buyer fills out a form available at the horse registration department at the Festival for the transfer of ownership of purchased horses with payment of the full value of the festival in cash or an acceptable cheque, provided that the ownership is transferred and the passport is changed after paying the full amount or disbursement of the value of the cheque.

Article 12

Removal of Lots Exhibited in Sale outside QREC

Both purchasers and vendors shall remove and transport the horses from the Sale Venue immediately after the Sale. Failure to do so shall result in applying a penalty of QR 2,000 (Two Thousand Qatari Riyals only) per day of delay. No exceptions shall be allowed in this respect. However, after the Sale, QREC will move horses purchased by purchasers from outside Qatar from the Sale venue to QREC stables for a maximum time limit of 15 days after which the above fine shall be applied directly to the concerned purchaser. Kindly note that QREC will only provide the room for the horses and will not bear the cost of food, health care, and other related expenditures.

Article 13

Mares in Foal

KIAHF disclaims its responsibility in the event of a horse sold at the auction is found invalid according to the owner's statement and it is

found out later that the mare in question is not in foal or in the event, after a DNA test is performed, that the sire is not the same as mentioned in the covering certificate.

Article 14

Principle of Transparency between Bidders

Based on the principle of transparency between bidders, the KIAHF requires everyone, especially sellers, not to give any Steroids to horses being sold and offered at the auction to show them in good health, and in the case if it is proven then a buyer has the right to refuse or accept the horse in the condition in which it was purchased without interference or obligations. It is the responsibility of the festival, but in the event of a refusal, the buyer has the right to get back the value he paid.

Article 15

Payment of 20% of Bid Amount on Sale Day

A purchaser shall pay at least 20% in cash of the bid amount on the day of the Sale and the remainder shall be paid after the Sale or deducted from the respective purchaser's prize money with QREC if such purchaser has

horses participating in the Auction organized at Katara.

Article 16

Purchaser's Failure to Pay Full Value on Time

In the event a purchaser fails to make full payment on time, then the sold lot shall revert to the original owner without a warning or payment notice and the deposit paid by the purchaser shall be forfeited in favour of the Organizing Committee.

Article 17

Law of Tenders and Auctions No. 26 of 2005

For any matter not provided for in these Articles, the State of Qatar's Law of Tenders and Auctions No. 26 of 2005 shall apply.

Article 18:

Reserve price

The vendor who wishes to set a certain price for the horse, must provide a reserve price form in the registration office of QREC which will not accept any price determination after February 1, 2022.
